How to connect your personal devices to eduroam Wi-Fi

- This applies to your personal devices only -- not OSUWMC laptops or clinical equipment.
- Visit <https://wireless.osu.edu/> and click the "Connect to eduroam" button to configure your personal device (e.g., your phone or personal laptop) to eduroam.
- Or use the QR code below.

- Follow the steps and log in with your Ohio State username (lastname.#) and password.
- Refer to these [job aids](#) for help setting up eduroam on your personal devices.
